AWARD-WINNING DESIGNS IN THE HILLS

THIS YEAR'S HILLS BUILDING AND DESIGN AWARDS — AN INITIATIVE OF THE HILLS SHIRE COUNCIL — SHOWCASED SOME OF THE BEST BUILDS AND BUILDERS ACROSS SYDNEY'S HILLS AREA

OVERALL WINNERS

Established in 1993, The Hills Building and Design Awards were created to celebrate the design and construction found in the Hills Shire, Sydney.

The Awards recognise and promote excellence in the building industry and showcase the skill coming to life every year in this area of NSW. 2015's finalists and winners displayed cutting-edge and innovative dexterity and ability across the awards.

JUDGES' COMMENTS

"Crystal Pools has created a well-designed swimming pool that provides a practical and functional layout for the residents whilst integrating seamlessly with the dwelling and outdoor living area.

"The materials and finishes selected complement the house and integrate well with the landscaping, whilst providing great value for money.

"The colour and materials selected for the tiling and decking surrounding the swimming pool match well with the finishes of the dwelling and provide a smooth transition between indoor and outdoor living and present a well-integrated design."

CRYSTAL POOLS

CATEGORY 3C – SWIMMING POOL / SPA & SURROUNDS (\$100,000 AND ABOVE)

WINNER: CRYSTAL POOLS

JUDGES' COMMENTS

"Crystal Pools are to be congratulated for a pool that shows innovation in design, quality workmanship and the utilisation of space that has fulfilled the client's requirements.

"The immense level of craftsmanship placed on this project is astonishing, ranging from the endless glass, to the smooth transition between the recreational areas of the pool for entertaining both the kids and adults alike. This swimming pool spa and surrounds displays great planning, creativity and functionality."

DESIGNCORP ARCHITECTS

CATEGORY 4A – RESIDENTIAL BUILDING – ADDITIONS & ALTERATIONS

WINNER: DESIGNCORP ARCHITECTS

WEBSITE: DESIGNCORP.COM.AU

JUDGES' COMMENTS

"A modern classic design with practical use of internal and external entertaining areas leading onto flowing alfresco and play areas. The utilisation of passive design with north-facing living spaces and cross-ventilation to capture prevailing cooling breezes, combined with high quality materials and workmanship deliver an elegant and contemporary transformation from a 1980's cottage into the modern world."
